

JANDY VALVES

Jandy, the industry leader in valve technology, offers a complete line of performance tested, high-quality valves backed by a Jandy 2 year warranty.

Jandy's CPVC Check Valve's clear lid and red seal plate let you easily see and access debris. It features a unique swing/spring design for both return and intake water. The diverter swings completely open with minimal back pressure and no water turbulence.

- Minimal hydraulic loss
- Clear lid for easy inspection
- Easy to disassemble when clearing debris
- Available in straight-through and 90°
- Corrosion resistant stainless steel swing
- Highly resistant to Chlorine

-
- Never requires lubrication
 - Designed for easy automation
 - Innovative port design
 - Available in standard 1 1/2 - 2" and 2-2 1/2" sizes
 - Constructed of temperature and chemical resistant CPVC material

NeverLube Valves are designed and engineered to be totally maintenance free. They are easy to install and easy to use. Jandy uses the best materials and best design for the ultimate combination of structural integrity and hydraulic flow.
